SHRINKING	INCREDIBLE (40) INTENSITY TB	Janet Van Dyne is able to shrink down to insect-size due to her exposure to Pym particles. She is able to control her size-alteration at will with Incredible ability. She retains all her other powers only between this 1/2 inch and 48 inches in height. When she shrinks small wings grow from her back. While small she is +2CS to fight larger opponents and is -2CS to be hit by them.
WINGED FLIGHT	POOR (4) MOVEMENT	Poor, Can only fly at any size below 48 inches.
ENHANCED ABILITIES		Her strength is raised by +1CS in her smallest size but her health does not change.
INSECT COMMUNICATION	TYPICAL (6)	She is able to grow antennae from her forehead, enabling her to communicate with and control insects on a Typical level.
WASP STING	REMARKABLE (30) EN	By harnessing her bio-electric energy, she can also produce energy blasts from her hands capable of inflicting Remarkable energy damage.
GROWTH	INCREDIBLE (40) INTENSITY TB	Janet can grow as well at Incredible ability, but rarely utilizes the power.
