VIBRANIUM-STEEL ARMOR	MONSTROUS (75)	ABSORBED	TB
FOUR TENTACLES			The Octodroid's tooled vibranium-steel alloy surface is Monstrous protection against all physical and energy attacks. Almost indestructible. No energy form can penetrate it (unless powerful enough to destroy the armor).
WAVE-DISRUPTOR CANNONS (X4)	AMAZING (50)		The Octodroid has four tentacles and two humanoid arms, just like Doc Ock. The arms are mostly for show. The tentacles can reach up to two areas away.
ROBOTIC MOVEMENT			A wave-disruptor cannon is mounted in each tentacle. Each cannon can fire twice. Each shot causes Amazing damage. Captain Marvel takes only Remarkable damage in energy form.
			Uses its humanoid feet to move one area per round. Programmed to destroy New York City street by street. Not intelligent — cannot be reasoned with.
